The AESHA Project is seeking participants!

Who are we?

- AESHA is a peer-guided, community research study, based at UBC, about the health, safety and working conditions of sex workers.
- AESHA stands for An Evaluation of Sex workers' Health Access. The Principal Investigator of this study is Dr. Shira Goldenberg.

Are you who we're looking for?

- Are you a woman (trans or cis) engaged in sex work?
- Would you like to share your experiences providing sexual services in Metro Vancouver?

What is this research about?

 The AESHA Project evaluates the impact of laws, policies and working conditions on sex workers' safety, health and human rights.

What does participation involve?

- Every 6 months, participants complete a questionnaire and attend a sexual health visit (including HIV/HCV/STI testing).
- Participants receive an honorarium for each visit.
